BREAK DOWN.—Yesterday afternoon, a family carriage, (to which were attached two honest, faithful borses, containing an elderly gentleman and two ladies, was being driven along Market street, between Quincy and Monroe, at an orderly and old fashioned galt. The driver had unconsciously suffered the wheels of his vehicle to get between the rails of the track, and BREAK DOWN .- Yesterday afternoon those on one side of the carriage were concerued, the pressure on the others binding on the rail was too much for the front axle, which was broken, letting the whole establishment down gently into the street. The driver took the mishap quite philosophically, and getting himself and companions out of the demoralized vehicle, proceeded leisurely to unbitch the team, remove his effects from the carriage, and finally run it off out of the way of an approaching car. During all this time we did not hear him speak one word in condemnation of railway, team, carriage or anything else, and we incontinently set him down as a lineal descendant of that pattern of patience, Job.2

BOARD OF OVERSEERS. - Saturday last was the regular day for the meet-of the Board, but a quorum falled to attend, we presume, for the reason that it was the Fourth of July. Yesterday morning at 10 o'clock the Board met in the Supervisors' room in the Court 1000 forpedices.

Preaching connected with the Young Men's Christian Association, in relation to the insane persons now confined in the county jail, asking for the sake of humanity and our common christianity that some provision be made for them elsewhere, so that they may receive the treatment their unfortunate condition imperatively demands.

After consulting the authorities, it was finally determined that the Board had no control over the matter, and the President was instructed to inform the Association to that effect.

The President stated to the Board that Triadelphia was without an Overseer in consequence of the very severe and protracted illness of Mr. Garrison, who was the officer in that district. It was mentioned that Mr. Garrison was now, and had been for many months, confined to his bed, and had become entirely blind, deaf and dumb, utterly incapacitating him for the discharge of his duties as Overseer. It was further represented that there were individuals in that township who demanded the immediate attention of the authorities, or positive suffering must ensue. After due consideration, on motion of Mr. Hall, attention of the authorities, or positive suffering must ensue. After due consideration, on motion of Mr. Hall, the office of Mr. Garrison was de-clared vacant, and the clerk of the Board was directed to inform the Su-pervisor of that township of the va-cancy, and request him to hold an election to fill it as soon as it can be done legally.

The case of a colored woman, now in the Poor House suffering from a dis-eased arm, was called to the attention of the Board by the President, and it was determined that she should be renoved to the Hospital in the city for reatment by the physician to the In-

twenty five dollars.

There being no further business before the Board, on motion it adjourned.

THE EXTENSIVE USE OF THESE
Watches by Railway Conductors, Engineers, and Expressmen, the most exacting

To satisfy that class in all these respects is to
decide the question as to the real value of
these timekrepers.
More than \$0,000 are speaking for themselves in the pockets of the people.

The trude is satisfied, because, though the profit on each watch is small, the demand is large and all are salable.

Unserupulous importers occasionally place a worthless Swiss imitation in the market. To avoid imposition, the purchaser should invariably demand a certificate of genuineness, signed by the treasurer of the American Watch Company—R. E. ROBBINS.

Soon after this, I sent-some to lady in Londonderry, N. H., who had been

"As a remedy for kidney complaints the White Pine Compound stands unrivated. It was not originated for that purpose, but a person in using it for a cough was not only cured of the cough, but was also cured of a kidney difficulty of ten years standing. Since that accidental discovery many thousands have used it for the same complaint, and have been consecutive to the same complaint, and have been consecutive by Dr. Poland, in 1860. Since then, as in Manchester, the White Cumpound has taken the lead of all cough remedies, as well as a preparation for the core of Kidney difficulties, in every city, town, vi lage and hamlet throughout the New England States.

The remedy is as safe and pleasant to take as it is effectual.
